Question on the academic performance (prior academic performance) of students on your courses

Hello

I am aware you offer multiple different courses in astrology.

May I please enquire as to what the prior academic attainment e.g at GCSE or A Level looks like for students who perform well on your courses?

Regards

Tom

Hi Tom
There are no requirements to join – and students have many or little qualifications. It's not a course (or set of assignments) that require academic referencing etc. The main prerequisite tends to be an interest in people and exploring their natures.
Best wishes
Frank
